## Dr. Deimel's Linen-Mesh Underwear on sale only at W. R. & C's.

Put a blanket on a race horse when sweating, after severe exercise, and in an hour you will find the blanket wet and the horse shivering.

Next time put a layer of straw on the horse with the blanket on top and note the difference. The horse will be dry and comfortable, the straw likewise dry; only the blanket wet as usual.

Dr. Deimel's Linen Mesh Underwear on a man acts on the same principle as the layer of straw on a horse—it lets the perspiration go through and keeps the body in a dry, comfortable glow.

"Newest Discovery" extracts teeth painlessly. N. Y. Dental Rooms only, No. 324, corner Main and Talbot sts., N. E. of monument; established nearly 20 years. Ennes, Dentist, New phone, 1,631.

This year during the same week as the Elks' Convention. This is always one of the great events of the year.

The hotels of Atlantic City are among the best in America, and compare favorably with any in the world. They are constructed on modern plans, contain all the conveniences of the age, and are conducted as to cuisine and service according to the highest and most approved standards.

Four great piers extend from the famous board-walk into the ocean. Many of the larger hops are held upon these piers, and at night, when illuminated, they present a charming picture.

Although a more beautiful place, or one better fitted for a large convention of this kind, could not possibly have been selected.

The Virginia lodges are trying to get the next Grand Lodge meeting at Richmond. That city has recently shown her ability to handle big crowds at the Street Fair, and would, no doubt, read-

committee, which has been at work for the past five months arranging all the details for the convention.

All the arrangements have progressed most satisfactorily, and everybody, whether an Elk or not, who visits Atlantic City at that time, will be amply repaid for the trip. Any specific information desired can be secured by addressing Emery D. Irelan, chairman, or Herman G. Muloch, secretary of the executive committee, B. P. O. Elks' Reunion, Atlantic City.

There is much free social gaiety at Atlantic City. Most of the larger hotels have their own orchestra for the season, and hops are given every evening. Concerts are frequent, and amateur theatricals, private parties and progressive euchres are in constant vogue.

The bathing is, of course, a popular feature. Nowhere can it be indulged in with less danger or more delight.

The annual horse show will be held

the year during the same week as the Elks' Convention. This is always one of the great events of the year
